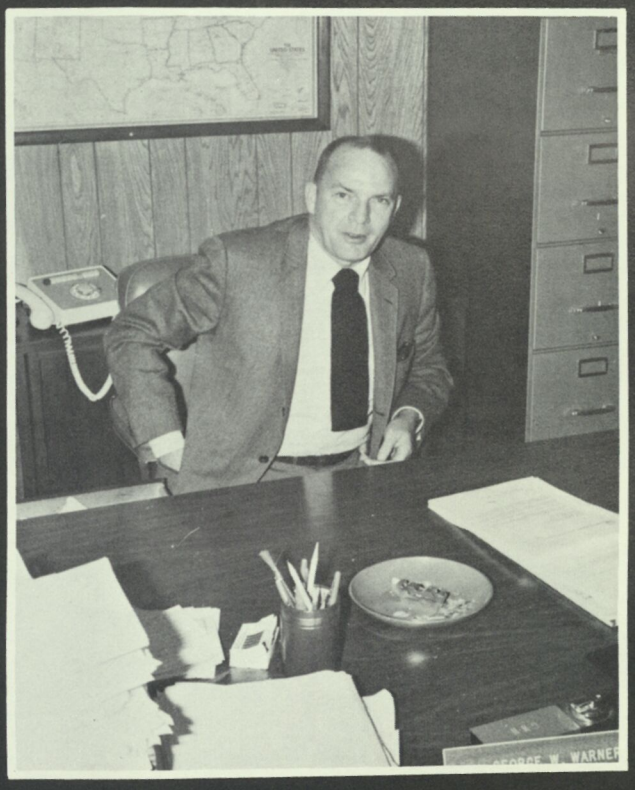
Dedication

Horace N. Marvin, Ph.D.
Associate Dean for Academic Affairs
DOB: April 20, 1915 @ Camden, Delaware
Morningside College, B.A.; Univ. of Wisconsin, M.A., Ph.D.; Special research in Dept. of Genetics, Carnegie Institute of Washington; Asst. Prof. of Anatomy, Univ. of Arkansas School of Medicine; Head of Biology, Anderson Hospital for Cancer Research; Lecturer in Anatomy, Univ. of Texas Dental School; Assoc. Prof. of Anatomy, UAMC; Consultant in Radiopathology, Los Alamos Scientific Laboratory; Professor and Head of Anatomy, UAMC; Visiting Professor and Commonwealth Fund Consultant to the University Lagos Medical School of Nigeria.

Ms. Barbara Babb

The yearbook staff has chosen to dedicate this book to two men whom we feel have contributed the most to helping us through the everyday problems encountered during four years of medical school. They have given unselfishly of their time and labors to the medical students of Arkansas; their advice and counsel have been invaluable assets to numerous young physcians for many years. It is with gratitude and respect we dedicate the CADUCEUS to Dr. Horace Newell Marvin, Associate Dean for Academic Affairs, and Mr. George Watkins Warner, Assistant Dean for Administrative Afairs. Thanks and congratulations for a job well done are also in order to Ms. Barbara Babb and Ms. Bette Williams; these friendly, efficient secretaries contribute much to the efforts of their bosses on behalf of the students of the College of Medicine.



George W. Warner
Assistant Dean of Administrative Affairs
DOB: July 12, 1922 @ Johnsonburg, Pa.
B.S., Penn State University; Administrative Officer, National Cancer Institute; Asst. Director, University of Rochester Med Center; Chief of Health Professions in Nursing Students Assistance Program, Bureau of Health Manpower, Division of Health, Education, and Welfare.

"Life is short; and the Art long; the occasion fleeting; experience fallacious, and the judgement difficult."

-Hippocrates

Eventually, in 1879, with the support of and for the Medical Society, certain physicians of Little Rock under the leadership of Dr. Hooper formed a stock company and inaugurated a medical school for the state. The University accepted this institution as the Medical Department of the University, granting degrees to the graduates, but stipulated that it would assume no financial responsibility for its support. It was 65 years before this fiscal irresponsibility was reversed. Support was solely by the physicians of Little Rock, by the city, which made available the facilities of the city hospitals, by student fees, and by the State Medical Society. Recognition by the Association of American Medical Colleges was attained in 1890, in which year the curriculum was extended to four years of six months each, and there were 83 students with 17 graduating.

In 1906 a second medical school, the College of Physicians and Surgeons, was established. This institution likewise was self-supporting and while it struggled little was added to medicine in Arkansas.

At the 1909 meeting of the Arkansas State Medical Society, a committee was appointed with Doctor Young of Springdale its Chairman, with three objectives. First, to persuade the two faculties of medicine to merge, to combine their acquired properties and equipment and to deed them to the State. Second, to persuade the General Assembly to accept these properties, making the combined school a part of the University and providing for its support. Third, to induce the State to build and maintain a Charity Hospital in connection with and under the control of the University School of Medicine.

The first two of these objectives was accomplished by 1911, but it required nearly 50 years for the third, the Hospital. In accepting this gift, the Legislature--not the University--pledged the "faith and credit of the State to forever maintain and operate a first class medical school as a part of the University, with the course of study, methods of instruction and equipment of standards equivalent to that required of Medical Colleges by the Association of American Colleges." However, the Legislature adjourned without appropriating any funds for such a purpose. As the legislature prepared to move to the New Capitol in 1913, it passed a resolution making available the 75 year old State Capitol Building for use of the Medical School, and in the same year Dean Smith, a graduate of the University, presented a budget of $50,000. According to the Gazette: "A huge laugh went up from the solons when that request was presented, who regarded the maintenance of a medical school as the wildest extravagence." However, the Legislature appropriated $36,000.

There were further appropriations by the Legislature to the Medical Department directly. It was not until 1945 that the appropriation for the University included money for the school of Medicine. Because of the financial and other stringencies, the school lost its accreditation and reverted to a two year preclinical school in 1918. The State Medical Society Committee was still working on its third goal, a hospital. These developments, plus the persuasive powers of Dean Smith, induced the Legislature in 1920 to appropriate $50,000 for the hospital. Unfortunately, the State Penitentary was in debt, and the funds subsequently were diverted to the Penitentiary.

The City of Little Rock again came to the rescue with the completion of the new City Hospital at McArthur Park, making these facilities available to the Medical School, and clinical instruction was resumed. In 1935 the modern Medical School building was constructed with W.P.A. funds, adjacent to the hospital, and in 1939 the State leased the City Hospital to complete the first combined unit for the Medical Center as such until 1956.

The present facility, adjacent to the State Hospital-Memorial Park Complex to the west of the Arkansas Capitol Building in Little Rock, was dedicated in 1956 as the University of Arkansas Medical Center. Its academic components were the Schools of Medicine, Pharmacy, Nursing, and Graduate Studies. The 321 bed University Hospital and its clinics were the primary clinical facilities for all students. A School of Health Related Professions was added in 1971.

July 1975 brought new status to the Campus. The U of A Board of Trustees voted to make the Medical Center an autonomous unit named the U of A for Medical Sciences, administered by a chancellor, and its schools became colleges.

The clinical facilities have been expanded through cooperative agreements with Arkansas Children's Hospital, Doctor's Hospital, the Arkansas Baptist Medical System, St. Vincent's Infirmary, and the VA hospitals in North Little Rock and Little Rock. Development of Area Health Education Centers at El Dorado, Fayetteville, Fort Smith, Jonesboro, Pine Bluff and Texarkana began in 1973 and has resuslted in an increased manpower for primary health care throughout the state while simultaneously providing UAMS graduates with further opportunities for post-MD education.

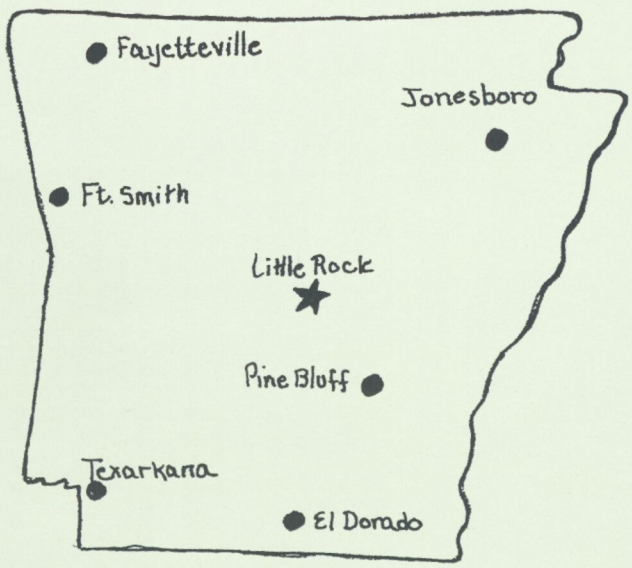
Area Health Education Centers

Roger B. Bost Executive Director

Area Health Education Centers (AHECs), presently in operation in Pine Bluff, El Dorado, Fort Smith, Fayetteville, Texarkana and Jonesboro, are designed to permit postgraduate training in areas within the state by utilizing local physicians and community hospitals through co-operative agreements with community doctors and other leaders.

In addition to the goal of providing decentralized residency positions in family medicine and primary care. AHECs are being utilized for continuing education for physicians in private practice and for early introduction into community medical care for medical students. Nursing, pharmacy and other health related professions students also will participate in AHECs, all of which contain medical libraries staffed by UAMS-trained personnel who have access to the Medical Sciences library and its services.



El Dorado

James B. Weedman, M.D. serves as the Director of the El Dorado AHEC, established in November of 1973. The program provides electives for senior medical students in several areas. The medical community of over 250,000 people in 12 counties is served by two hospitals: Warner Brown Hospital and Union Memorial, with a total capacity of 526 beds and a combined staff of 40 physicians. Other health facilities include four nursing homes, a City-County Health Department and the Union County Center for the Handicapped.

Pine Bluff

Established in September of 1973, the Pine Bluff AHEC provides elective programs for senior medical students, residents in internal medicine, and beginning in 1977, residents in Family Practice. Donald L. Miller, M.D. serves as Director of the AHEC, which operates out of Jefferson Hospital, a 300-bed facility served by 72 physicians. The hospital has a complete medical and audio-visual library staffed by a UAMS-trained librarian. Other facilities in the medical community of 85,000 include the Jefferson Comprehensive Care Center, the Jefferson County Health Department, the Southeast Arkansas Mental Health Center, the Jenkins Memorial Children's Center and the Alcohol Abuse Control Center.

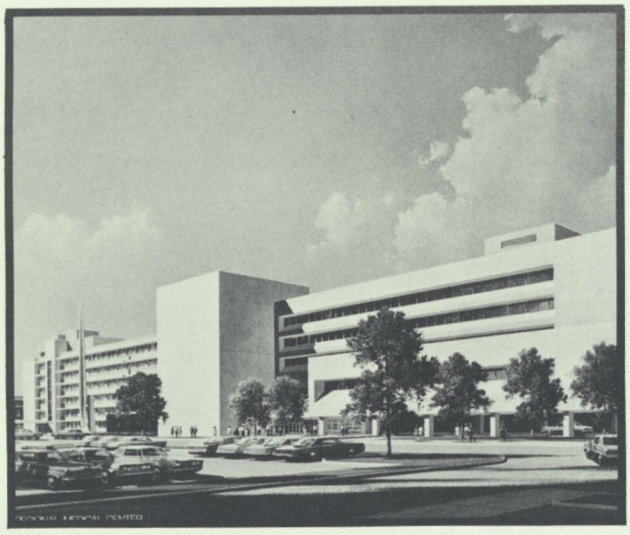
Fort Smith

Dr. J. Campbell Gilliland directs the Fort Smith AHEC, which has provided elective training for senior medical students and internal medicine residents since December of 1973 and for Family Practice Residents since July of 1075. A very extensive specialty selection for trainees is supplemented by bimonthly instruction provided by members of the UAMS faculty. Allied Health training is provided by the nearby Westark Community College. One hundred forty-seven physicians serve the medical community in two hospitals: Sparks Regional Medical Center and St. Edwards Mercy Hospital, which total 764 beds. Other facilities include two large clinics and several geriatric, nursing and rest homes.



Sparks Regional Medical Center

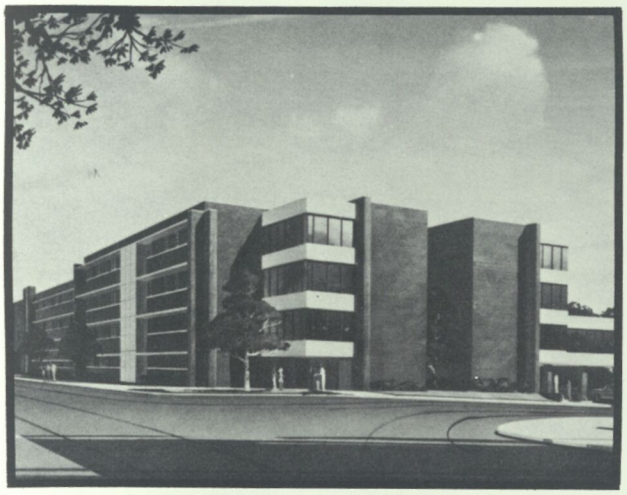
St. Edward Mercy Medical Center

Fayetteville

The Northwest Arkansas AHEC at Fayetteville was established in November, 1974, with the appointment of Lee B. Parker, Jr., M.D. as AHEC Director. In February, 1975, Dr. James K. Patrick, M.D., was appointed Director of the Family Practice Residency Program which is based in the AHEC at Fayetteville. This program, which began July, 1975, incorporates the facilities of Washington Regional Medical Center, Fayetteville VA Hospital, Fayetteville City Hospital, and Springdale Memorial Hospital. Cumulatively these hospitals represent a total of 692 beds with an average census of 559 patients and 82 physcians who serve on the staff of the program. Physcians currently enrolled in the three year program include: John Huskins, R3, Rick Belt, R2, Lance Monroe, R1, David Rogers, R1, Steve Wilson, R1, and Ted Youngberg, R1.

Jonesboro

The Jonesboro AHEC, established in December of 1974 and directed by Robert S. Cohen, M.D., offers elective programs for senior medical students in almost 20 specialty fields. The facilities there include St. Bernard's Hospital, a 240-bed hospital, and Craighead County Memorial Hospital, which are served by 62 physicians. The trade area of over 300,000 persons also benefits from a mental health center which has both inpatient and outpatient facilities.



St. Bernard's Hospital Jonesboro

Craighead Memorial Hospital Jonesboro

Texarkana

The Texarkana Area Health Education Center was established on August 1, 1975, with James B. Kittrell, M.D., appointed as its director. The AHEC provides elective courses to senior medical students through the facilities of St. Michael Hospital and Wadley Hospital. These hospital facilities represent a total of 526 beds. Other health facilities available to the program include 7 nursing homes, 8 clinics, 1 Crippled Children's Treatment Center, and 1 Mental Health Center. Over 100 physcians are located in the community area.

In 1976 the students of UAMS were saddened to learn of the resignation Dr. Howard Quittner, Professor of Pathology and Director of the Clinical Laboratory. Dr. Quittner, an excellent teacher, astute clinician, and fine gentleman, taught many classes of Arkansas physcians during his tenure at the Medical Center. Dr. Q. is an outstanding clinical pathologist who was respected by his peers and students. He was instrumental in the development of the excellent clinical laboratory in University Hospital and the Medical Technologist training program of the College of Health Related Professions. Arkansas will miss him.

"ROAST DUCK"

(A speech given by Dr. Rodney Carlton at Dr. Quittner's farewell roast)

I THINK YOU WILL ALL UNDERSTAND IF I SAY THAT BECAUSE OF OUR LONG ASSOCIATION THERE IS A CERTAIN NATURAL INCLINATION ON MY PART TO WANT TO SPARE A FRIEND'S FEELINGS BY TURNING A BLIND EYE TO HIS SHORTCOMINGS AND INSTEAD MAKE A SPEECH LOADED WITH PHONY PLATITUDES AND MAWKISH SENTIMENTALITY AND LOTS OF PATS ON THE BACK.

BUT TO GET UP HERE AND READ A WHITEWASH TO YOU WOULD BE TO FLY IN THE FACE OF ALL THE DICTATES OF MY CONSCIENCE. I CAN'T AND I WON'T DO IT. ESPECIALLY AFTER ALL THOSE YEARS HOWARD WORKED SO HARD INGRAINING IN ME A REVERENCE FOR TRUTH, EMPIRICISM, AND SCIENTIFIC OBJECTIVITY. I KNOW HOWARD WOULDN'T WANT ME NOW TO BETRAY HIS HIGH STANDARDS, AND THAT HE'D WANT ME TO DO EXACTLY WHAT I'M GOING TO DO, THAT IS TO LAY BARE ALL THE REPUGNANT ANOMALIES AND DEFECTS IN HIS CHARACTER. HOWARD WON'T MIND. BESIDES, HE'S LEAVING TOWN ANYWAY.

HOWARD IS MEAN, SELFISH, LOUDMOUTHED, AND REALLY QUITE AN AWFUL BORE. BUT IN SPITE OF ALL THAT, THERE'S SOMETHING ABOUT HIM THAT REPELS ONE.

SOME HAVE SUGGESTED THAT IT STEMS FROM AN EARLY AGE, WHEN AS A CHILD HOWARD WAS TOLD TO BE HIMSELF. FRANKLY, HE COULD HARDLY HAVE BEEN GIVEN WORSE ADVICE.

SOME HAVE SUGGESTED THAT THE ROOT OF THE PROBLEM LIES EVEN DEEPER IN HIS PAST, THAT WHILE CARRYING HOWARD IN HER WOMB, HOWARD'S MOTHER WAS SCARED BY A RABID DUCK WITH A CARPENTER'S RASP FOR A TONGUE.

BUT WHATEVER THE ETIOLOGY OF HIS PROBLEM MAY BE, ONE THING BECOMES IMMEDIATELY AND ABUNDANTLY CLEAR TO ANYONE WHO COMES IN CONTACT WITH THE MAN . . . HE IS INCREDIBLY ABRASIVE.

HOWARD QUITTER HOLDS THE DISTINCTION OF BEING THE ONLY MAN DALE CARNEGIE EVER PUNCHED IN THE NOSE, AND THE ONLY PERSON IN RECORD WHO HAS EVER RECEIVED A LETTER BOMB FROM THE POPE.

TO SAY HOWARD IS SIMPLY UNCOUTH WOULD BE TO DO HIM AN INJUSTICE. WHY, I'VE SEEN MORE CULTURE IN AN AGAR DISH.

ALL THIS ABRASIVENESS HAS EARNED QUITTNER AN ALARMING LACK OF RESPECT FROM THE COMMUNITY. LAST WEEK HE WENT TO MACDONALD'S. THEY TOLD HIM HE DOESN'T DESERVE A BREAK.

SOME PEOPLE EVEN HAVE GONE SO FAR AS TO SAY THAT HOWARD LACKS SENSITIVITY. I THINK THIS MAY BE UNDERSTANDABLE WHEN ONE CONSIDERS THAT FOR HIM A FUN EVENING AT HOME IS TO SCOTCH-TAPE POPCORN TO THE INSIDE OF THE LIVING ROOM WINDOW AND WATCH THE PIGEONS PECK THEMSELVES TO DEATH.

BUT I'M A BELIEVER THAT CREDIT SHOULD BE GIVEN WHERE CREDIT IS DUE. HOWARD HAS RECEIVED QUITE AN HONOR RECENTLY. FOR THOSE WHO MAY NOT ALREADY KNOW, HOWARD WAS NAMED "CLINICAL SCIENTIST OF THE YEAR". HOWARD . . . SO WHAT?

I TOLD YOU EARLIER I WAS ONE OF HOWARD'S STUDENTS. AS I LOOK BACK ON THOSE DAYS, I CAN RECALL HOW ALL OF US STUDENTS WOULD GATHER FOR HIS MORNING LECTURE WITH A SENSE OF ANTICIPATION BORDERING ON DREAD. WELL, LET ME TAKE THAT BACK. IT DIDN'T BORDER.

I THOUGHT IT WAS REMARKABLE, EVEN THEN, HOW THIS MAN COULD TAKE THE SPARK OF OUR YOUTHFUL ENTHUSIASM AND KINDLE IT INTO FLAMING APATHY. NONE OF US WHO STUDIED OVER DOCTOR QUITTNER CAN EVER FORGET THOSE DAYS — NO MATTER HOW DESPERATELY WE TRY.

I THINK I WOULD NOT BE OVERSTATING THE CASE TO SAY THAT HOWARD QUITTNER IS OPINIONATED.

HOWARD IS SO NARROW-MINDED HE CAN LOOK THROUGH A MONOCULAR MICROSCOPE WITH BOTH EYES.

WHEN HE WANTS YOUR OPINION, HE GIVES IT TO YOU.

HE WON'T EVEN LISTEN TO BOTH SIDES OF A PHONOGRAPH RECORD.

AND HE'S SO EASILY ENTERTAINED. ALL HIS STAFF HAS TO DO IS JUST LISTEN TO HIM.

YOU ASK HIM A SIMPLE QUESTION AND YOU GET A FILLIBUSTER. YOU CAN LEAVE, GET A SANDWICH, TAKE IN A MOVIE, COME BACK, AND HE'S STILL TALKING. AND WHAT'S WORSE IS HE NEVER EVEN REALIZES YOU'VE BEEN GONE.

BUT WHAT REALLY CAN YOU EXPECT OF A MAN WHO'S BEEN EDUCATED BEYOND HIS INTELLIGENCE?

WELL, THAT'S THE WHOLE SORDID STORY. I NOTE THAT THERE'S ONLY ONE DEWEY EYE IN THE HOUSE. HOWARD'S.

HOWARD, WHEN YOU LEAVE YOU'RE GOING TO BE SORELY MISSED, REALLY. BUT THEN I MISSED THE BOUBONIC PLAGUE, TOO, BY ABOUT THREE HUNDRED YEARS.

I'M GLAD FOR YOUR SAKE THAT YOU EXERCISED SUCH GOOD JUDGEMENT IN CHOOSING TO FLY DOWN TO NEW ORLEANS NOW, RATHER THAN WAITING AROUND TILL WHEN THE DUCK HUNTING SEASON BEGINS. FLYING OVER STUTTGART CAN BE PRETTY DARN DANGEROUS FOR SOMEONE WITH A VOICE LIKE YOURS. I'D SUGGEST THAT YOU WHISPER . . . BUT I HAVEN'T GOT THE TIME TO TEACH YOU HOW.

UNIVERSITY HOSPITAL

University Hospital is charged with providing sophisticated specialty services that are not generally available elsewhere in the state. It is primarily a teaching and referral hospital aimed at giving students and more than 280 residents and interns (housestaff) a maximum opportunity for learning while at the same time providing the best in patient care for Arkansans. The facility is undergoing extensive remodeling and modernization which is expected to be completed in 1978.

In the future, the outpatient care department is expected to be replaced by a 152,800 squarefoot ambulatory training center, emphasizing primary care, for on-campus ambulatory instruction for housestaff and students in all UAMS colleges.

COLLEGE OF MEDICINE

Administration
College Of Medicine

Total enrollment in the fulltime fully accredited four-year College of Medicine is ultimately expected to be 680 and at least 581 within five years, with an entering (freshman) class of 170.

UAMS is retaining a larger majority of its medical graduates within the state. Of these, most are entering primary medical care specialties (family practice, pediatrics and internal medicine).

Want to burn up calories? Keep active. What kind of physical activities burn up the most calories? Here's a little chart to use as a guideline. Decide how many calories you need to lose, then plan your activities accordingly for 15 or 30 minutes—or longer if your doctor approves:

Calorie-Spending in Normal Activity and Sports

Activity	*Calorie Cost per Minute*
Resting in bed	0.93
Sitting	1.11
Standing, normal	1.30
Dressing	2.93
Mopping floor	4.15
Making bed	4.20
Walking outdoors	4.89
Table tennis	3.85
Golfing	4.39
Tennis	5.57
Rowing	6.37
Basketball	6.86
Swimming	9.65
Football	8.02
Walking upstairs	15.92

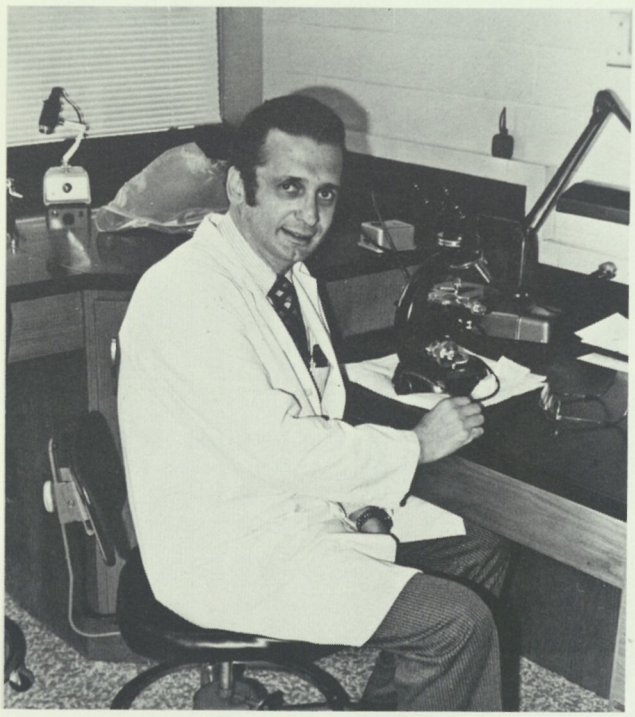
GOLDEN APPLES

The Golden Apple awards are presented each year to the two instructors which we, the medical students of UAMS, feel most exemplify the ideals we look for in our teachers. These awards are not meant to represent a simple popularity contest. We feel that these two men have done more than any others in helping us in a quest to serve our fellow man. They have not only given unselfishly of their time to provide us with the factual tools we will need, but they have stood out as examples of what men can and should be.

Dr. Almen L. Barron was selected by the sophomore class for the second time. Special mention should be made of the fine microbiology & immunology course which Dr. Barron has reorganized and maintained.

Dr. Dale Morris has been chosen by the junior and senior medical students. The humanity of this man is boundless. His understanding of and sympathy for the sick and their families are examples for us all to strive for.

Pre-Clinical



Almen L. Barron, Ph.D.
Professor & Chairman, Microbiology

Clinical

W. Dale Morris, M.D.
Assistant Professor, Surgery

Honorable Mention

Shirley A. Gilmore, Ph.D.
Professor, Anatomy

Carlos A. Araoz, M.D.
Associate Professor, Pathology

Honorable Mention

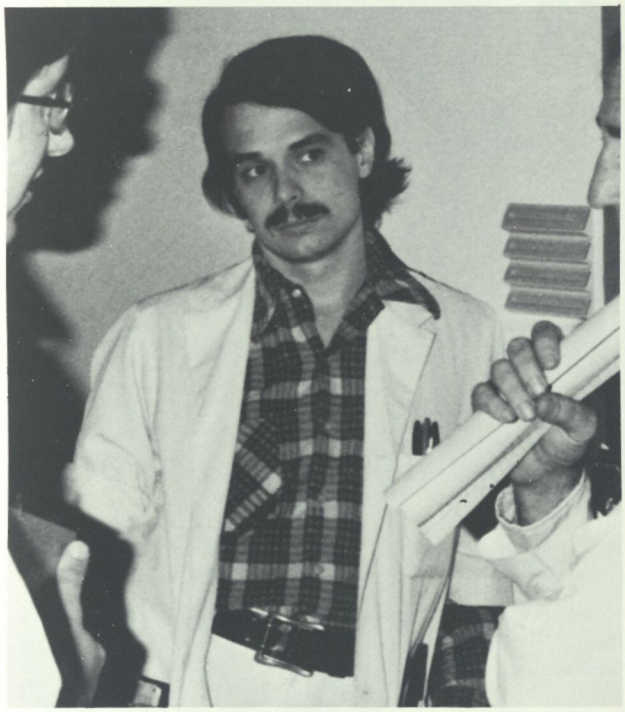
Eleanor A. Lipsmeyer, M.D.
Associate Professor, Medicine

George L. Ackerman, M.D.
Professor, Medicine

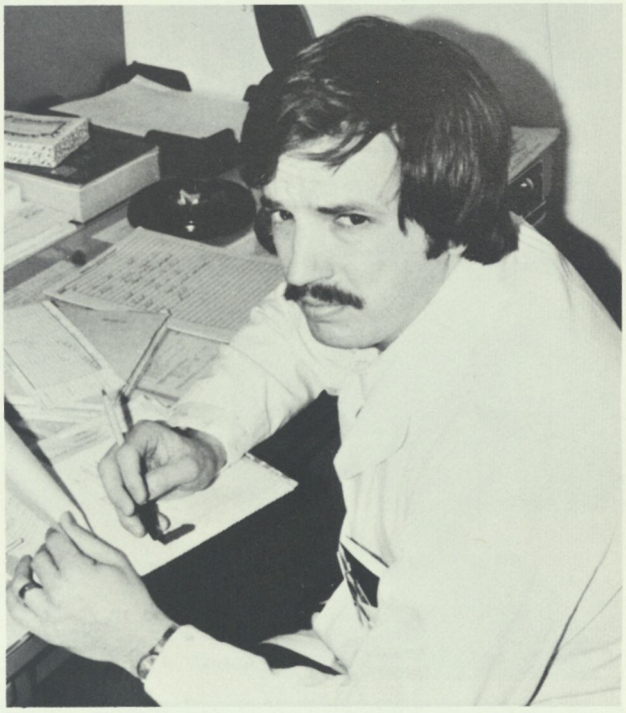
R.O.Y.

S.O.B.

Each year the junior and senior medical students vote to select outstanding residents. The ROY stands out in their minds as the resident most typifying those qualities one looks for in a fine physician. The SOB stands out in their minds as just what the title implies. These awards are given to recognize the excellence of the ROY and to whisper in the ear of the SOB that perhaps all is not right.



Robert F. McCrary, Jr., M.D.
Resident I, Medicine



William E. Harrison, M.D.
Junior Resident, Ob-Gyn.

Honorable Mention

W. Everett Tucker, M.D.
Second Year Post M.D., Surgery

Charles D. Mabry, M.D.
Second Year Post M.D., Surgery

Dishonorable Mention

Medical Dames

MEDICAL DAMES OFFICERS
1976-77

President	Suzanne Thomas
1st Vice President	Janie Lack
2nd Vice President	Nancy Clark
Secretary	Janey Hilburn
Treasurer	Carolyn Choate
Historian	Penni Jacobs
Parlimentarian	Charlene Harrell
Sponsor	Joyce Logan
Co-Sponsor	Jonnie Westbrook

The UAMS Medical Dames is an organization composed of the wives of medical students of all four classes. The group was begun in 1916 in an effort to promote fellowship among wives of students and to carry out worthwile projects.

The Medical Dames have several noteworthy goals and objectives. (1) They serve as a source of information acquainting wives of medical students with the Medical Center and with the medical profession. (2) They perform various services around UAMS. (3) They function to meet the social needs of wives.

During the 1976-77 year, the Medical Dames reached these objectives in various ways:

September	Annual Get Acquainted Picnic
	Ice Cream Social
October	Plant Sale (fund raising project)
	Plant Party
	Annual Style Show (fund raising project)
November	Holiday Decorating
December	Christmas Tasting Party
January	Social Service Projects
February	Valentine Party
	Senior Farewell
March	Election of Officers
April	Installation of Officers
May	Pot Luck

COLLEGE OF PHARMACY

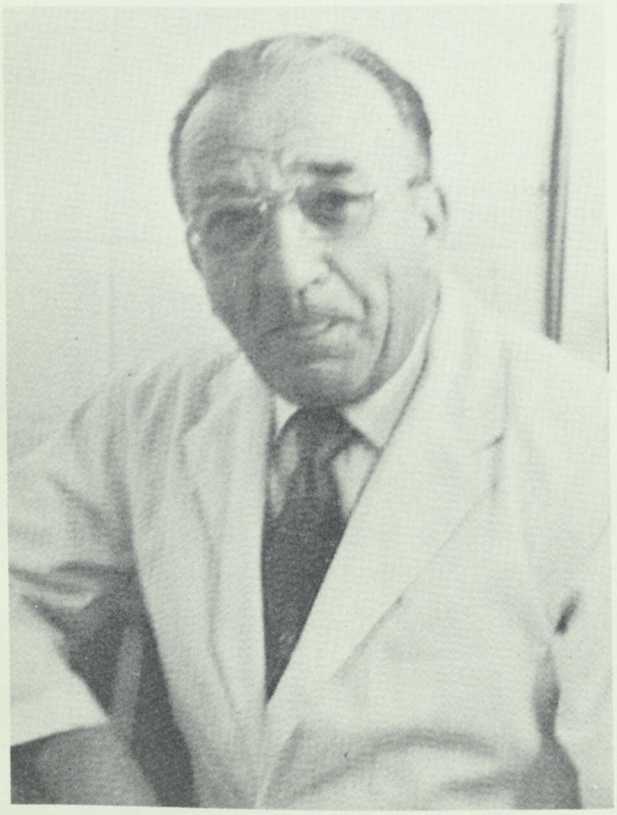
Dean Mittelstaedt has been "Mr. Pharmacy" ever since he came to Arkansas. He took over the School of Pharmacy after it had been transferred from the College of the Ozarks to the University of Arkansas. He was one of the first in the Nation to change from the 4 to the 5 year program and when it became mandatory for all schools to have 5 year program the University of Arkansas was ready and the conversion was simple. He helped establish the Arkansas Foundation for Pharmaceutical Education, which has, over the years, been responsible for thousands of dollars being loaned or given to students helping them get their education.

He was responsible for securing the funds that built the outpatient pharmacy and thereby establishing a "live" training situation for the students.

The staff has increased from 3 full time people when he started to 24 full time staff members plus many part time staff people. Enrollment has increased from 30 students to 130 per year.

Dean Mittelstaedt has and always will have the profession of pharmacy foremost in his thoughts and actions. He has always been for new and innovative ideas that have had as a goal better education for the students and better service to the patients.

He has made Arkansas pharmacy the profession it is and many of us are grateful that he was able to advance the profession to where it is today and hope that continued advancement of professionalism will always be the goal of the College of Pharmacy as it has in the past 26 years.



Dr. Larry D. Milne became Dean of the University of Arkansas College of Pharmacy December 29, 1976. For the past nine years he has been on the faculty of the University of South Carolina College of Pharmacy, where he most recently served as an associate professor and associate dean. Dr. Milne is a native of Axtell, Kansas and received a B.S. in Pharmacy from the University of Kansas in 1963. His graduate training in Medicinal Chemistry was completed at the University of Iowa where he was awarded a Ph.D. degree.

Dr. Milne has been very active in developing drug abuse and misuse programs presented to students, teachers and counselors outside the College of Pharmacy. He has served as consultant on several commissions or as project director on grants concerned with alcohol abuse, drug abuse and drug education.

MED

UNIVERSITY OF ARKANSAS FOR M

Cl

New

This was a year of change and new directions for the MEDICO. First we gave her a typographical face-lifting and then we expanded and re-cast the content to emphasize news, in-depth features, and relevant editorials. We also enlarged the MEDICO'S staff to try to better cover UAMS life and work. Like all things worth doing, the MEDICO was a mixture of pain and pleasure. Frequently the hours were long, but the sense of satisfaction was sufficient to the maintain our enthusiasm. Our staff shared with us a sense of persistence--to find, respect, and report the facts; to comment intelligently; and to follow-up stories diligently. If nothing else, it is this quality of persistence which we hope will become a precedent, as we pass the baton to yet another MEDICO staff.

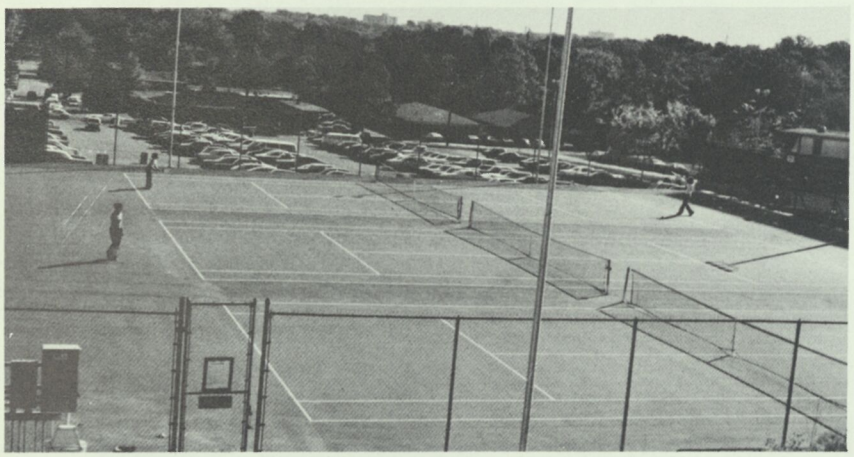
Seated: Steve Rowell (Secretary), Michael Lazar (President), Dave Sharp (Treasurer), Lin De Pass (Vice President)

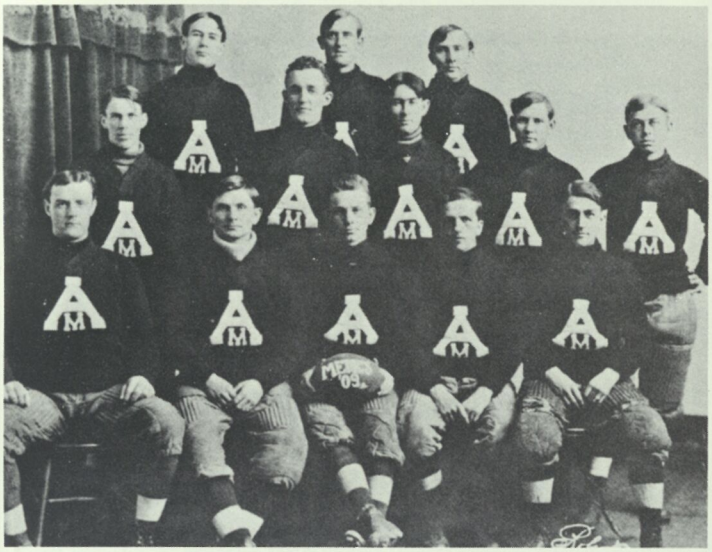
It was very fortunate that several of the most concerned representatives of the 1975–76 ASG were again elected as representatives and officers for the 1976–77 year. The absence of solid communication between the UAMS student-at-large and his representatives in government was keenly felt, and this problem was given top priority in the first session of the new ASG. Fears the Student Body no longer cared were shattered by the wide response to a questionnaire asking what the students would like accomplished. With a new sense of direction the ASG endeavored to fulfill the wishes of its constituents.

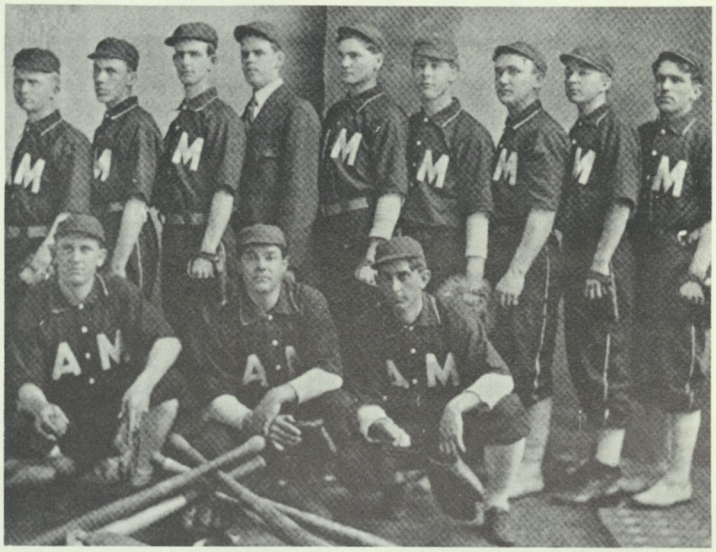
Political meetings with moderators and administrative officials were carried out with a new confidence. Funds were reserved to initiate projects such as a TV antenna for the dormitory linked with the AV library, a Universal Gym Set exercise room, office equipment and educational AV aids for students, handball-racquet ball courts, film series, speaker series, benevolent programs such as Red Cross blood drives and the Children's Christmas Party, and continuance of social activities and intramural sports programs.

An unexpected surprise came when the administration became caught up in the enthusiasm and deemed these projects worthy of additional financial aid. And so it is with this feeling of campus wide support that we anticipate the eventual reality of what was once nothing more than a passing fancy.

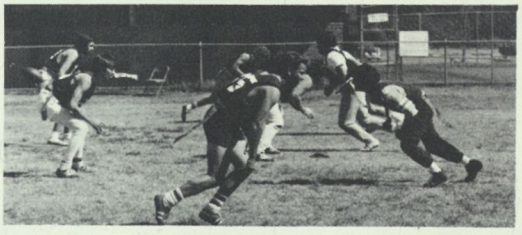
SPORTS

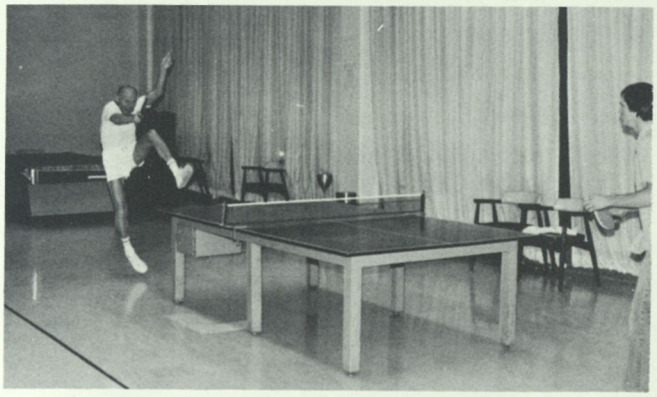




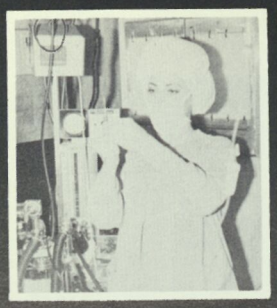


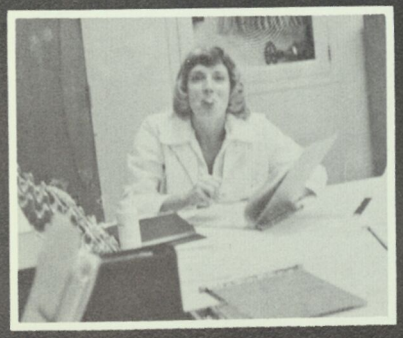
The Mecca Medics 1909





M-4A, the defending football champs, were replaced this year by a ruffian band of young upstarts known as M-3A. The possessors of this year's round-ball title is still an issue of hot debate as this page goes to press.





Practice makes perfect.

Artist's Concept of Southeast Arkansas Medical Center Clinic in Dumas

The people of Southeast Arkansas are planning ahead to meet their area's future medical needs. That's why they're taking positive steps by building the Southeast Arkansas Medical Center in Dumas, easily accessible to a trade area of over 30,000 people.

The 12,000-square-foot clinic pictured above is the first phase of a long-range plan to construct a complete medical complex, including a new 125-bed hospital.

Before you make a decision concerning your future practice, please investigate the opportunities that await you in Arkansas' most progressive area. For more information, write Howard Johnson, Administrator, Desha County Hospital Association, Dumas, Arkansas 76139 or call him collect at (501) 382-4303.

We think you'll like the way we operate in Southeast Arkansas.

LAWRENCE MEMORIAL HOSPITAL

LAWRENCE MEMORIAL HOSPITAL, established in 1960, is a 48 bed acute care health facility, fully accredited by the Joint Commission on Accreditation of Hospitals and licensed by the Arkansas Department of Health. Its services include two fully equipped operating suites, one labor-delivery room, an eight bed bassinette nursery, two CCU beds with expansion going to six which will include three ICU beds, Emergency Room services, general radiological and pathology services, EKG, Inhalation Therapy, Pharmaceutical Services, dietary services and twenty-four hour comprehensive Nursing Services. The institution also maintains a 104 bed long-term care facility. Principally six physicians, all general practitioners, serve the institution. Their median age is 38. The facility is administered by a recent graduate of Washington University School of Medicine, Graduate Program in Health Care Administration. The Community is in great need of two general surgeons and two OB-GYN physicians within the next two years. Complete office facilities are available immediately in the Commun0 ity. Group practice is possible.

NEVADA COUNTY HOSPITAL

Prescott is in Nevada County which is located in the southwest part of Arkansas. The terrain is flat to rolling with elevations of 319 feet. Lumber and timber products are the principal industries of the county. The county also boasts of a large deposit of iron ore. Poultry and related products, livestock, dairying and growing of soy beans, cucumbers and large watermelons also add much to the country's economy.

TRANSPORTATION - Prescott is served by the Missouri Pacific Railroad with freight service, two major truck lines serve Prescott highway transportation - Interstate 30, State Highways 67, 24 and 19.
UTILITIES - Prescott has a city owned electric company to provide adequate power of all industrial, business and residential areas. Arkansas Louisiana Gas Company supplies natural gas in any quantity needed. Dial telephone service is available through General Telephone Company.
AIRPORT - Prescott has a federally funded lighted hard surface airport inside city limits.
CLIMATE - Possessing a mild climate, Prescott has an average rainfall of 52 inches.
INDUSTRIAL - Industrial sites are available and information on these may be obtained from Prescott Chamber of Commerce.
WATER SUPPLY - Deep wells for residential use and a pipeline to the Little Missouri River for industrial use.
GOVERNMENT - The government of Prescott, is of the Mayor-City Council type, but the city has a full-time business manager. The city fire department is operated by a seasoned complement of volunteers.
SCHOOLS - Prescott High School and Middle School have North Central Associatin Accreditation. Enrollment in Prescott Public School tops 1,300. A new high school was completed in 1975 at a cost of over $6000,000.00
CHURCHES - Methodist, Presbyterian, Pentecostal, Baptist, Assembly of God, Christian, Nazarene, Church of Christ.
MEDICAL FACILITIES - Medical facilities in Prescott include the Nevada County Hospital, with a new intensive care unit completed in 1975 at a cost of $150,000, giving a total of 50 beds. There are also four clinics, and two nursing homes (one skilled and one intermediate care.)
COMMUNICATIONS - The Prescott area is served by the Nevada County Picayune, weekly newspaper, three daily newspapers and Radio Station KTPA.

Nurses - Physicians - Dentists
Pharmacists - Technicians

City Of Piggott

BOARD OF ALDERMEN:
DONALD FOSTER
JUNIOR HARRIS
JIM POOLE
JIM McKENZIE

P.O. BOX 96
Piggott, Arkansas 72454

Piggott, Arkansas is a small agricultural town of 3,361 people located in Northeast Arkansas on both Arkansas Highway 1 and U.S. Highway 62. We have twelve churches, schools that are fully accredited by the North Central Association, and Arkansas State University located only 55 miles away. Twenty-four hour services are offered by our police department and fire department. Our recreational facilities include a community park, a nine hole golf course and club house, two tennis courts, two swimming pools, a lighted baseball diamond, saddle club and rodea arena, and rod and gun club. We have an airstrip that consists of 2,640 feet of hard surfaced runway lighted to accommodate night service. Our utilities provide an abundance of electric power, artesian water, and natural gas.

Medical Professions include one general practitioner, Dr. Jerry L. Muse, one member of the Board of Family Practice, Dr. Hillard R. Duckworth, and a general surgeon, Dr. Gordon L. Duckworth. At the present time, we have a 26 bed hospital and a 100 bed nursing home. The present hospital will be replaced by a new modern facility to be completed sometime in 1978. This will be a 35 bed hospital encompassing 26,300 square feet with space provided for x-ray, laboratory, surgery, recovery room, delivery room, coronary care, intensive care, isolation nursery, and emergency room area.

We have two pharmacies and a full time public health nurse. Twenty-four hour ambulance service is provided.

Primary population served ..... Aproximately 50,000
Number of admissions in 1976 1,190
Number of patient days in 1976 16,345

Information regarding financial assistance is available on request. Inquiries should be directed to Mrs. Tripley Muse, City Clerk.

POCAHONTAS

Randolph County Memorial Hospital

Population 5,800. Trade area population approximately 25,000.

An opportunity exists in Pocahontas for a general surgeon and family physicians. Office space is available either for solo practice or possible partnership.

It has a 33-bed general hospital and a skilled-care nursing home.

Pocahontas is located 40 miles from Jonesboro, which has a population of 35,000. Many rivers and lakes are easily accessible for recreation.

This growing city of Pocahontas offers many opportunities for a rewarding practice in an ideal semi-rural community.

HAL BODENHAMER
Mrs. CLANCY SIEVERT

Baxter General Hospital, located in Mountain Home, Arkansas, is in the most rapidly growing area of the state. Between the years of 1960 and 1976, the growth rate for the county of Baxter was 111%.

The Mountain Home Chamber of Commerce reports approximately 8,000,000 visitors in the Twin Lakes area for the year 1975, the last year complete figures are available from the Corps of Engineers.

The 111% growth factor for Baxter County is largely due to this area becoming a retirement area for senior citizens. Due to this fact, the average age for citizens of Baxter County is 45.7 years.

Baxter General Hospital began operation in November, 1963, with 39 beds, one surgical suite, one x-ray room, and one emergency room. During 1965, a 40-bed Nursing Home and ECF Facility was added. During 1968, a Physical Therapy Unit was added and in 1970, 22 hospital beds of the EDF Facility were converted to a combination Intensive Care-Coronary Care Unit. In 1972 a new 72-bed Nursing Home was built, and the hospital enlarged to 97 beds.

In 1976 we added to the present hospital with the new building primarily consisting of three Emergency Rooms, Pharmacy, two Operating Rooms, Central Sterile, a 5-bed Recovery Room, new Radiological Suite and Nuclear Medicine, and new Physical Therepy Department. By remodeling in the older part of the hospital, we enlarged our laboratory and pathology department in order to take care of our present needs.

We write all forms of insurance.

HELP HOPE!

Hope, an outstanding community of 20,000 in Southwest Arkansas, has only nine physicians. Of these, four are 65 or older and ready to retire. This means that the present doctor/patient ratio of 1:2220 will soon be even more lopsided.

Hempstead County Memorial Hospital is an eighty bed, short-term general hospital. We are now renovating the original building, and adding a new wing (20,000 square feet) which will include sixteen private rooms, a six-bed intensive care unit, and an obstetrical suite. Key hospital employees include twelve Registered Nurses, two Registered Certified Respitory Therapists, two Certified Registered Nurse Anesthetists, five Medical Technologists, two Registered X-Ray Technologists, and a full-time Pharmacist. Equipment or services include a two-bed intensive care unit, a two-bed pediatric department with Ohio Pediatric Aerosol Tent, Dupont ACA with a capacity of sixty-two tests, Blood Gas Machine, Electrophoresis Machine, and two X-Ray Machines with image intensifier and Tomagraphic attachments.

If you want to help us, get in touch with Don Abbott, Administrator, Hempstead County Memorial Hospital, 1900 S. Main, Hope, ARK 71801. (501) 777-5766.

YELL COUNTY HOSPITAL & SOUTHERN YELL COUNTY

Congratulates This Years Seniors

&

Offers you an excellent professional opportunity.

Yell County Hospital, located at Danville, is a 57 bed general hospital offering equipment and services unexcelled by an small hospital in Arkansas.

Danville is equal distance from Fort Smith and Little Rock. Fort Smith, being seventy-five miles to the Northwest and Little Rock eighty miles to the East. Sixty miles South lies beautiful Hot Springs.

Four of Arkansas' most beautiful and popular lakes lie within thirty miles of Danville. Majestic Mtn. Magazine, Mtn. Petit Jean and Mtn. Nebo may be seen in the distance, along with many other less well known mountains.

Danville is a serene, but progressive community that offers unique opportunity.

IF YOU ARE SEARCHING FOR THAT SOMETHING "SPECIAL", BE OUR GUEST FOR A DAY AT YELL COUNTY HOSPITAL AND LET US SHOW YOU BOTH OPPORTUNITY & BEAUTY

HAMBURG

Needs a Primary Care Physician

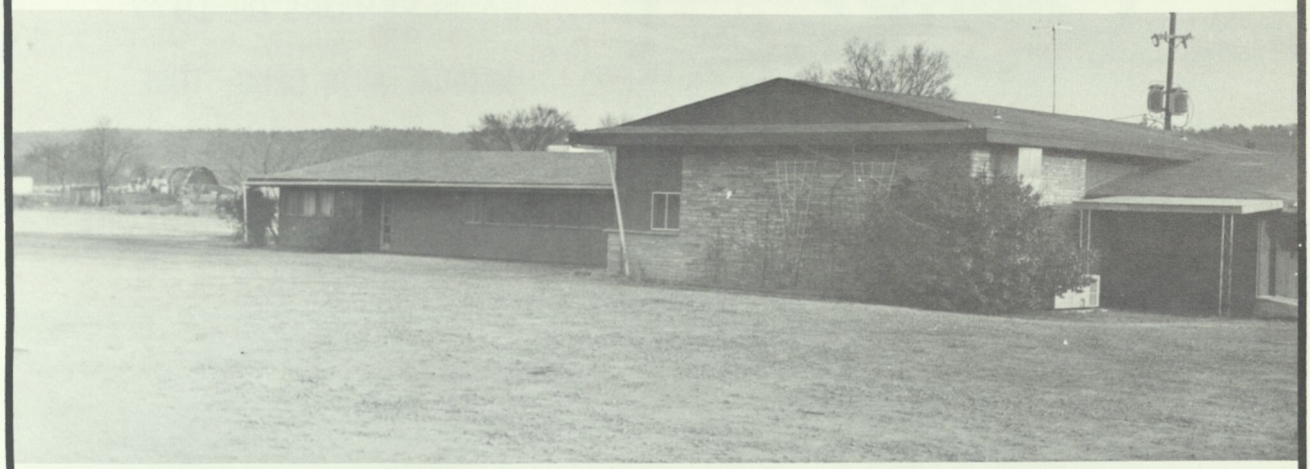
The Hamburg Clinic is designed for two physicians and presently has only one. Hamburg, pop. 3102, is the county seat of Ashley County and serves a trade area of 12,000 in southeast Arkansas. We have excellent churches, fully accredited schools, superb recreational facilities, and a growing industrial community. An excellent opportunity for the establishment of a general practice exists in our friendly community. Come and see us for yourself. We want to be your neighbors. For details, please contact:

Dr. E.D. Rankin
Hamburg Clinic
Hamburg, Arkansas 71646

PARIS

NEEDS 2 PRIMARY CARE PHYSICIANS

Paris has recently constructed a fully equipped primary care clinic suitable for two physicians. It is available for immediate occupancy. The North Logan County Hospital a 22 bed unit, has been funded and will be under construction as soon as adequate staff is recruited. We presently have two general practitioners, however, they are of retirement age.



FACTS ABOUT PARIS: PARIS CLINIC

Paris, a growing, progressive community of 3900, is located in the northwest portion of Arkansas in Logan county. It is 114 miles northwest of Little Rock and is 45 miles east of Fort Smith at an elevation of 448 feet in the Ozark Mountains. The Arkansas River is 4 miles north.

Paris serves a trade area of 15,000 in north Logan county. We have 7 major industries with a total payroll of 900. Our schools are fully accredited and of recent construction. Subiaco Academy, a nationally recognized private academy is located nearby. 14 churches serve all major faiths. Our community is located in the center of Arkansas' finest recreational area with boating, fishing, hunting and camping facilities only minutes away.

Come and visit our town. We feel that you will agree that Paris represents an unrivaled opportunity for the establishment of a primary care practice as well as being unequalled as a place to live and raise your family. For further information contact:

A BANK THAT PROVIDES UNIQUE SERVICES TO THE MEDICAL COMMUNITY: PULASKI BANK & TRUST COMPANY

Physicians with substantial incomes and assets have uncommon banking needs. Pulaski Bank & Trust Company answers their needs with an uncommon approach to banking for the medical community throughout Arkansas.

Our Medical Services Division is designed to serve the physician in all areas of his or her practice and personal financial needs. We know of your special problems in billing and collecting from your patients and of obtaining factual information and good advice about a business investment. We also know of your special problems in obtaining large real estate loans for either a new home or clinic. We know of more of your special needs too, so why not let us help you with these problems through our computerized medical accounts receivable service, our investment counseling service and through our wholly owned real estate loan subsidiary, Pulaski Mortgage Company.

If our unique approach to your personal and business banking needs appeals to you, call or write David Bain, P.O. Box 7299, Little Rock, Arkansas 72207, telephone (501) 664-4411.

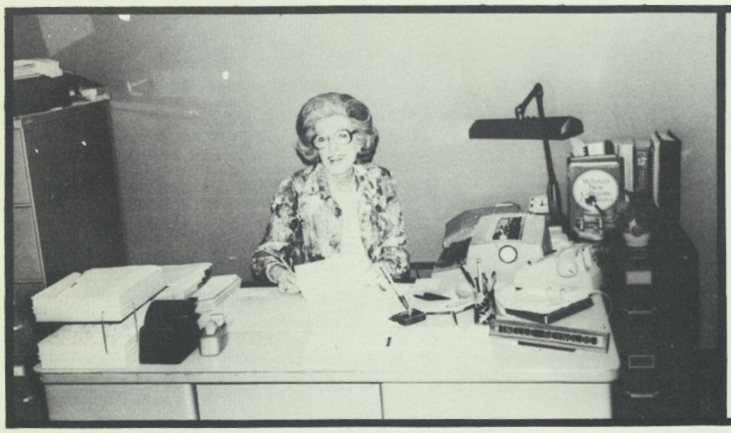
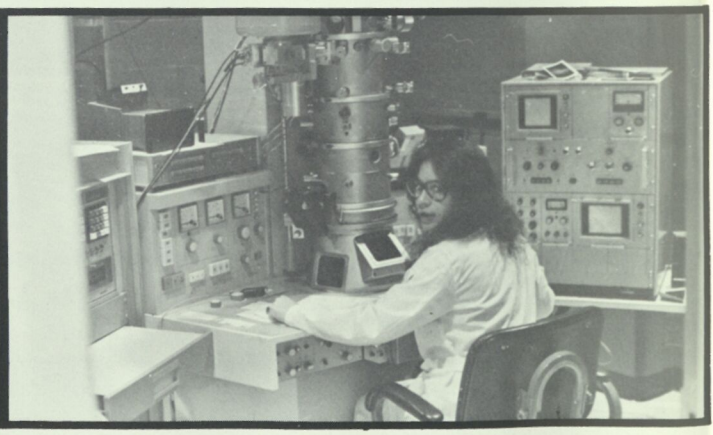
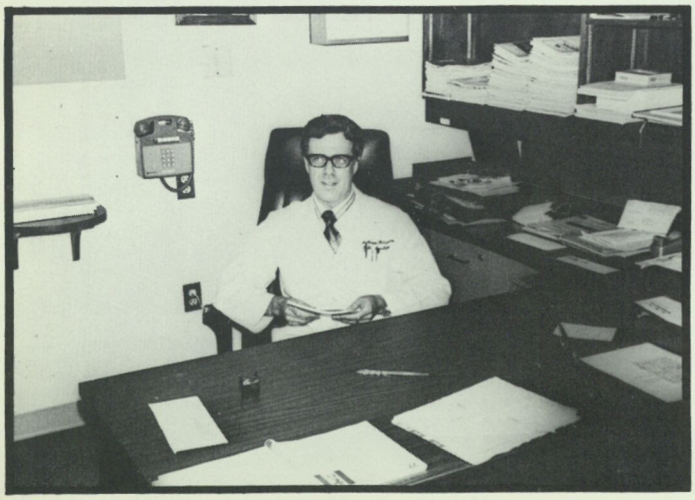
EXIT







YOUR PERSONAL HOROSCOPE

AQUARIUS: Jan. 20 - Feb. 18 - You have an inventive mind and are inclined to be progressive. You lie a great deal. On the other hand, you are inclined to be careless and impractical, causing you to make the same mistakes over and over again. People think you are stupid.

PISCES: Feb 19 - Mar. 20 - You have a vivid imagination and often think you are being followed by the CIA or FBI. You have minor influence over your associates and people resent you for flaunting your power. You lack confidence and are generally a coward. Pisces people do terrible things to small animals.

ARIES: Mar. 21 - Apr. 19 - You are the pioneer type and hold most people in contempt. You are quick tempered, impatient and scornful of advice. You are not very nice.

TAURUS: Apr. 20 - May 20 - You are practical and persistent. You have dogged determination and work like hell. Most people think you are stubborn and bull-headed. You are a communist.

GEMINI: May 21 - June 20 - You are quick and an intelligent thinker. People like you because you are bi-sexual. However, you are inclined to expect too much for too little. This means you are cheap. Gemini's are known for committing incest.

CANCER: June 21 - July 22 - You are sympathetic to other people's problems. They think you are a sucker. You are always putting things off. That's why you will never make anything of yourself. Most welfare recipients are Cancer people.

LEO: July 21 - Aug. 22 - You consider yourself a born leader. Others think you are pushy. Most Leo people are bullys. You are vain and dislike honest criticism. Your arrogance is disgusting. Leo people are known thieves.

VIRGO: Aug. 23 - Sept. 22 - You are thelogical type and hate disorder. This nit-picking is sickening to your friends. You are cold and unemotional and sometimes fall asleep while making love. Virgo's make good bus drivers.

LIBRA: Sept. 23 - Oct. 22 - You are the artistic type and have a difficult time with reality. If you are a man, you are more likely to be queer. Chances for employment and monetary gains are excellent. Most Libra women are good prostitutes. All Libra's die of veneral disease.

SCORPIO: Oct. 23 - Nov. 21 - You are shrewd in business and cannot be trusted. You shall achieve the pinnacle of success because of your total lack of ethics. Most Scorpio are people murdered.

SAGITTARIUS: Nov. 22. - Dec. 21 - You are optimistic and enthusiastic. You have a reckless tendency to rely on luck since you lack talent. The majority of Sagittarians are drunks or dope fiends. People laugh at you a great deal.

CAPRICORN: Dec. 22 - Jan 19 - You are conservative and afraid of taking risks. You don't do much of anything and are lazy. There has never been a Capricorn of any importance. Capricorns should avoid standing still too long as they tend to take root and become trees.

We breath a sigh of relief as we finish this last page of the '77 CADUCEUS. A sincere effort has been made on the part of ourself and the staff to provide you, our fellow students, a volume that could serve as a compendium of the faces, experiences and memories encountered during the past year. We hope we have succeeded.

Several people have aided and assisted us to such a degree in this undertaking that they should be mentioned individually: our staff who met their deadlines; Dr. Prigmore who provided unlimited encouragement and generous financial support; our advisor, Ms. Suzanne Mathews who supported us in every endeavor; our publisher's rep., Mr. Lonnie Stewart who provided a couple of novice editors, nee med students, with the invaluable advice and technical information that made this book possible. To these and others who cared and helped: THANKS! You have made our work a fun experience.

Randol and Tom

THE PURSE-SEINE

Our sardine fishermen work at night in the dark of the moon; daylight or moonlight
They could not tell where to spread the net, unable to see the phosphorescence of the shoals of fish.
They work northward from Monterey, coastnig Santa Cruz; off New Year's Point or off Pigeon Point
The look-out man will see some lakes of milk-color light on the sea's night-purple; he points, and the helmsman
Turns the dark prow, the motorboat circles the gleaming shoal and drifts out her seine-net. They close the circle
And purse the bottom of the net, then with great labor haul it in.

I cannot tell you

How beautiful the scene is, and a little terrible, then, when the crowded fish
Know they are caught, and wildly beat from one wall to the other of their closing destiny the phosphorescent
Water to a pool of flame, each beautiful slender body sheeted with flame, like a live rocket
A comet's tail wake of clear yellow flame; while outside the narrowing
Floats and cordage of the net great sea-lions come up to watch, sighing in the dark; the vast walls of night
Stand erect to the stars.

Lately I was looking from a night mountain-top
On a wide city, the colored splendor, galaxies of light: How could I help but recall the seine-net
Gathering the luminous fish? I cannot tell you how beautiful the city appeared, and a little terrible.
I thought, We have geared the machines and locked all together into interdependence; we have built the great cities; now
There is no escape. We have gathered vast populations incapable of free survival, insulated
From the strong earth, each person in himself helpless, on all dependent. The circle is closed, and the net
Is being hauled in. They hardly feel the cords drawing, yet they shine already. The inevitable mass-disasters
Will not come in our time nor in our children's but we and our children
Must watch the net draw narrower, government take all powers - or revolution, and the new government
Take more than all, add to kept bodies kept souls - or anarchy, the mass-disasters.

These things are Progress

Do you marvel our verse is troubled or frowning, while it keeps its reason? Or it lets go, lets the mood flow
In the manner of the recent young men into mere hysteria, splintered gelams, crackled laughter. But they are quite wrong.

There is no reason for amazement: surely one always knew that cultures decay, and life's end is death.
